This isn't possible.

differences of species isn't something you can do anything about-!
Th, that's right! You might be able to overcome difference like nationality, culture, age, and sex, but
Is that because... I hold the form of a beast?

My reality can't be this fantasy-like.

Is this

more to your likings?

Just what do you want?

I graciously gave up my time for you,

so if isn't important I'll kill you!

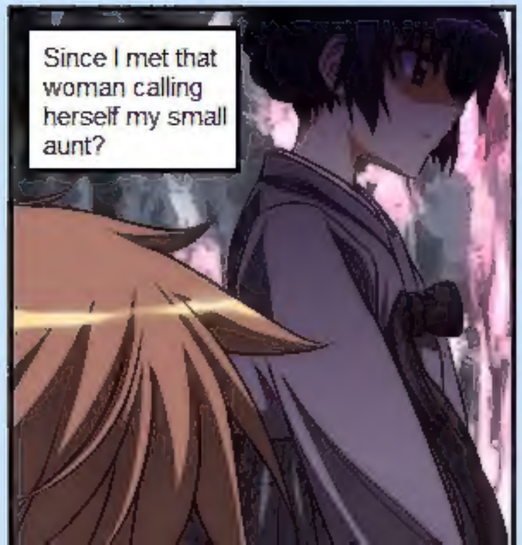
Ah, alright...

If you have something to say, say it already!

Or maybe...

everything since the confession I attempted might have been a dream-!!

If this isn't reality...
Since when did I start dreaming?



Just that, my father apparently died?

Huh?

This is urgent, come quickly.

The hell do you need? The sidedishes are in the fridge, I cooked the rice, you don't need to do the dishes, I did the laundry,

and I laid out clothes for you to wear-

Ah, nothing too important.-

I threw out the trash as I left and the newspaper is on the table!

You better go down for the funeral,

Now that I'm 50 years old, going back to the house that I ran away from is kind of.. you know?

Dad?

Oy, Dad!

Bi... Bi..

Me.

Click.

Wh, what? Who does that?

If you don't want to go, get out of my house.

Keep it together Jung Sung Hoon!

You practiced, didn't you?

Turn your life around with this confession!

What's so important that you need to call now?!

J, Just a moment!

Um, Na Rae-

The truth is, Wi.. Will you-

I..idiot! Were you planning to get away with wasting my time?

I'll receive a proper apology when you come back, that's why I told you to contact me!

Do you have a problem?

서울→산청

No ma'am.

Thanks to that, I've never met or seen any of my relatives.

산청 10km

서울→산청

As soon as Dad graduated high school, he cut all ties with his family and ran to seoul.

Fam...ily....

Ah, you see...

Did something happen at your house?

How dare he threaten his high school son. He calls himself an adult?

I'M REALLY SORRY NA RAE-!!

I have to go right now. Sorry. Even after you sacrificed your precious time for me.

Then are you going down to the countryside right now?

Probably.

Huh?

Then contact me when you come back to seoul.

Ah..

It seems I have to go now.

Even though I've never seen him since birth.

What? After suddenly calling me here?!

Ah, she's pissed.

I just heard over the phone that my grandfather passed away...

S

It's hot~
Features were...
Now that I think about it, they said a relative would come meet me.
Was it the younger aunt?
Her name was Sae Hee, and she was 40 years old...
Understand? Don't forget!!
Contact me from the countryside to!
I'm sorry Na Rae...
The confession got delayed again...

....she's a person who talks awkwardly.

I recognize you now that I see your dumb face, young master.

I had no choice, but to come out because of you, young master. My name is Sae Hee.

It's hot. Let's get inside the car.

-?!

...yes, auntie.

Before we arrive, there are a few things that I need to tell you, are you fine with that?

Ah, our eyes met!

No way, is it her?...she doesn't look 40.....

Huh? She's coming this way.

Wh, what is it? This creepy feeling.....

Once you see her, you should recognize her.

Expressionless and cute....

Completely black clothing.

While she looks young,

she doesn't feel like a person.

My father's funeral was a lie.

흠칫

From then, my mind started doing numb.

It was a plot from my sad excuse of a human being brother to send you to the countryside.

Huh?

Then is grandpa home?

No, he heard that you were coming and...

I normally wear this.

Something's wrong with this woman's fashion sense.

Wait, what does that mean?

Th, then what's with the fancy dress up?

My brother decieved you.

Huh? U, uh... even if you tell me such a complicated family matter.....

I was a child who was picked up, I don't share a single drop of blood with you.

No need to call me Auntie. Honorifics aren't necessary either.

스르르르르

A woman's age and a gun***'s legs are just a decoration.

Do you understand? Young Master.

And there's this thing called age....

But what's wrong with your speech?

Is there a problem with the way I talk? Young Master.

N, no....

Then, first of all...

Then please drop the honorifics and call me Sae Hee.

Ah... o..k..

Something that's passed down from ancient times

We must keep the promise made with our master.

What promise? Who's master?

This is the "home" that you will reside in for a while

She didn't explain anything after that

We've prepared everything that you might need while spending time here

알로-하!!

This is dangerous

He left for a vacation

I think I understand why Dad cut ties with the family, a little bit.

What's so important that they had to lie about a person's death to get me down here?

It was nice seeing you before leaving now- it's probably impossible

So why did you call me?

What am I supposed to do?

Promise

What?

Dad.

Why you left this house.

think misunderstood you this whole time

thought you were just a geezer

But Dad, you did a fine job

growing up into someone with a great personality

Welcome home young master -!!

The door looks like something out of a history drama

But. wow, what a luxurious house

So Dad just complete y turned off his phone

Fine. I'll turn mine off to-!

Come here!

It feels like you have to scream Come here!"

You really do?

JUST WHAT IS THAT?

Did you forget something?

*power of teleportation

pant I'm, running, *pant*, so hard. *pant*, right now

Who wouldn't? *pant*, wait, how about you?

Were you surprised?

Hong Gil Dong is a thief. There's a korean drama about him

Ghost?

A ghost.

And, the dog?

What, you were Hong Gil Dong?

Huh?

For specifics, let's go back into the house. We'll talk there

Inside a house where a dog the size of a bus comes and greets you-

AAAAAH!

Welcome young master!

I shall now explain.

휙

You

Just what

털썩

AAAAAAH!

And after that my master was sealed by Hwanung and the bear.

My master was the one that didn't get selected.

th nk that to

A she did was try and destroy the world

retract my statement

That's a bit harsh

To not be selected and then sealed

And that promise is?

A so

My master believed in that prom se and sleeps soundly t th s day

Y Du ignoring me?

Hwangun selected one human to protect that sea

Due to the powers of Hwangun the phantoms became weaker and couldn't be seen by humans.

And the one who drove out the phantoms sealed my master

Due to that occas on the weakened phantoms had to h de n the bodies of humans Maybe he was fee ng good, but he prom sed my master someth ng

t s not a myth

And ett ng a person fin sh s proper et quette

Why d d t turn nto a Dan-gun myth?

To protect the peop e of h s and, Hwanung decided on someth ng

He decided

The strongest of the phantoms the bear and the t ger

The p an was to take one of them as h s wife

And as you know, Hwanung selected the bear.

n the beginning phantoms were born

The phantoms lived freely with their mysterious powers

Humans were friends to some wh e food to others

And to some, enemies

The one who ended that age was the man named Hwanung

Any questions?

It was just for a moment, but I feel embarrassed to think that I had special powers.

We call them "Protectors" for convenience

They're just people who watch over the sea.

So phantoms hide their bodies?

Yes

See Then

They are like you, powerless, simple beings.

WHAT'S WITH THAT GIANT DOG?

PHANTOM? I THOUGHT THEY HID THEIR BODIES!

In place of my brother who cut ties with the family and duties,

You have been called here to fulfill that promise and protect the seal

831 832 강 833 강 정

What does a protector do?

The protectors are selected by lineage so you don't need to know anything

I don't know about anything like that

If it's a person that protects the sea, isn't that bad for you guys?

It's a just names. It doesn't really matter

What?

If only my brother fulfilled his duties, someone as mentally as you wouldn't have had to come down here

Father, it was stupid of me to think that you were a good person

Oh thanks.

Than why is it visible to my eyes?

Sorry You are simpler than a worm

Could you not deny the 17 normal years of my life?

Normal humans can't see it.

SOS

So what's the ritual?

Spiritual eyes? Is that the ability to see phantoms?

The family of protectors are powerless humans,

but their spiritual eyes opened when they were a child

I cannot say.

Is that a speech habit of yours?

Ok!

Since you know all of that

Yes

It seems you understand us so Do it

Auntie-I mean Sae Hee, are you also a phantom?

Young Master, I have a request, is that fine?

Re request?

A dog

turned into a girl??

My name is Baduk!

Treat me well young master-!

Yes, we all reside here as a binding to our master.

Next question

This master of yours, it's the tiger, right?

You're unexpectedly comprehensive

You brought me here to keep that promise?

Correct

And I came here to watch over the seal.

No, why?

We're going to move That's why

To answer that question

Do you like hiking?

Then what is that promise?

Isn't it about time you told me?

What kind of phantom are you?

Are you an MMO's adm n strator?

I cannot say

Is it fine for me to continue?

LET'S GO-!!

Running away without knowing anything

Isn't something I'd do-!

Since it's already like this,

I need to know why I came here, and why I need to meet phantoms.

Even though you said some nice things.

Inside the mountain.

Where are we going?

To the place where the phantoms' master resides.

Fine by me...

What? A cave?

Was there a large cave in our country?

Our master's seal is set to release in a few years.

It's been a long time since the seal was put in place, it's almost at its limit.

깜박

What?

What happens when the seal breaks?

You'll probably be eaten first ♡

A A H !

You should exercise more young master.

You people are the weird ones-!!

Couldn't you have brought us there with your Shukuchi?

Well, you so proudly declared that you'd climb the mountain so-

Or do you wanna be a devil and ride on Baduk?

후들

Hey wait! This isn't right!

Should I walk on 4 legs then? Do you want to ride on my back?

That's even worse...

Hey! Hey! Don't move!

FUSION

Hehe. If you really want me to I'll help-

Huh? wait-

A giant tiger

was sleeping there.

.....Impossible.

Young master, this is our master.

Do not worry.

Our master does not eat things that would upset her stomach.

If you decide to keep the promise that is.
